Member Spotlight -

Maria Deniston OTR/L

Clinical Specialist @

Santa Clara Behavioral Health

"Joining this Union is like playing the stock market - you have to stick with it in order to get the benefit in the long run. It's exciting to have transparency and work together in partnership. It's been exciting to be involved as a steward and to be on the ground floor of something that is taking off for the greater good."

In the coming months, I look forward to resolving all the pay issues and move on to other important projects in support of my colleagues."
