

KP HEALTH CARE PROFESSIONALS #1 BARGAINING UPDATE

OCTOBER 20, 2022

Bargaining kicked off this month on October 14 and 19. We opened bargaining strong by having a joint training with management on interest-based negotiations with the intention of working collaboratively to address concerns at the bargaining table - the foundations of the labor-management partnership.

On the second day of bargaining, our team had discussions with management on the subjects of Harassment and Bulletin Board usage. Additionally, we reached a Tentative Agreement (TA) on:

- Non-discrimination – Protects members from discrimination in the workplace

Meet our KP HCPs bargaining team from each classification:

- Linda Stuart – Speech Language Pathologist
- Bitia Hirsu – Health Educator (including Dietitian Health Educator)
- Kristine Schwartz – Registered Dietitian (excluding Health Educator)
- Matthew Johnson – Audiologist
- Brian Davis – Speech Language Pathologist, at large representative

BARGAINING DATES

November 15 - 16
November 29 - 30

IMPORTANT UPDATE:

A bargaining survey will be emailed to all KP HCPs to inform our bargaining team of our priorities at negotiations. Be sure to keep an eye on your emails over the next week.
