An Attack on Our Patients

MARCH AND RALLY Saturday, March 26, 2011

UNAC/UHCP urge you to attend a march and rally on Saturday, March 26th in Los Angeles to fight back against the attacks on union rights taking place across the country. It's simple: Attacks on Unions are Attacks on Our Patients! If collective bargaining rights were eliminated for health care professionals, we would lose the right to advocate for our patients' safety.
