

# BARGAINING UPDATE

JUNE 17 & 18, 2019

## Advancing our economic priorities

Our Fountain Valley Professional Association bargaining team continued to press management for a compensation package that recognizes our members' value and commitment to the community served by Fountain Valley Regional Hospital.

We extended our contract with the Fountain Valley Regional Hospital-Tenet to July 25. Our FVPA bargaining team continues to push management to increase their economic proposal and protect our members benefits. We continue to fight for:

- Across the board competitive wage increases
- Scheduling that is fair to our members and safe for patients
- Benefits that attract and retain quality caregivers

In this session, we reached tentative agreement on Article 10 – Performance Improvement and Discipline. Your team cannot succeed without you: Keep up your support. Watch for updates through email and Facebook: <https://www.facebook.com/UNACUHCP.FVPA>

The next session will be on July 23 and 24, location to be determined.
