

# “Stick together & trust nurses”

I'm so grateful we are Union now at Chino Valley. Management can't make up new rules on a daily basis now that we have a contract.

We are UNAC/UHCP, we are strong and we don't give up.

Management's going to try all kinds of fear tactics. You have to all stick together and don't fall for what they're saying. UNAC are the ones you should be listening to.

UNAC is made up of nurses, like you and me.

They've been at the bedside. They know what issues come up with management and what the safety issues are for patients.

I'm so excited for you. If you just stay together, then pretty soon you'll have a contract too.

# “We did it and you can too!”

We did it, and you guys can too! It's just unity. If we unite as nurses, nobody can defeat us. So success is just to stay united.

The more Prime hospitals who join UNAC/UHCP, the more power we have to win for patients and nurses.

Good luck! We can do it together.
